GENERAL INFORMATION

DESCRIPTION

This symposium will review the most current information available for the diagnosis and treatment of lymphoma and leukemia. Presentations will emphasize the multidisciplinary approach for optimal management of lymphoma and leukemia. The target audience for this symposium will be physicians with specialties in oncology, hematology, radiation oncology, and pathology, and nurses.

OBJECTIVES

- Discuss the workup and staging of lymphoma and leukemia.
- Present and participate in the multidisciplinary approach to the management of lymphoma and leukemia.
- Incorporate new advances in the treatment of lymphoma and leukemia into their practice.

ATTENDEE REGISTRATION

To register as an attendee, please complete the registration section printed on this form and return to the address as indicated.

Disclosure Policy Statement:

"It is the policy of the University of Arkansas for Medical Sciences (UAMS) College of Medicine to ensure balance, independence, objectivity, and scientific rigor in all sponsored or jointly sponsored educational activities. Any individual who is in a position to control the content of the educational activity including course or activity directors, planning committee members, staff, teachers, or authors of CME, must disclose all relevant financial relationships and the nature thereof that they or any member of their family members have with any commercial interest(s). The ACCME describes relevant financial relationships as those in any amount occurring within the past 12 months that create a conflict of interest. Individuals who refuse to disclose will be disqualified from participation in the development, management, presentation, or evaluation of the CME activity."
